

## MADE TOO MUCH NOISE

### Would-Be Burglar Is Sent to Prison.

(From Saturday's Daily.)

One conviction and two acquittals was the net result of the criminal work in Judge Robinson's court yesterday. Hose Regi, a seventeen year old Porto Rican boy, was the only defendant found guilty by the jury. His trial required less than an hour, and the jury was out only five minutes. He was charged with attempting burglary in the first degree, and the court sentenced him to prison for two years and six months for the crime. Regi, according to the evidence, tried to break into a store at the corner of King street and Walkiki road. He had entered, but in opening the door knocked down a bar which was across the doorway. The noise of the falling bar awakened the Chinese inmates of the place, and they got lanterns and lamps and started to search for the intruder, who immediately took to his heels. He was chased for some distance and finally captured and turned over to the police.

Judge Robinson lectured the young offender at considerable length and finally let him off with a thirty-months sentence, in view of his extreme youth and promise to reform.

YONG TAI GOES FREE.

The jury in the case of Yong Tai charged with assault, found him not guilty after deliberating for three hours. Yong Tai, in defense, claimed that the man he assaulted was attempting to rob him, though he found out afterwards that he was searching his pockets for the fa tickets, being employed as a police spy.

RICARD ACQUITTED.

August Ricardo, a Porto Rican charged with selling beer without a license, was found not guilty by a jury last evening after having been out for three hours. The beer alleged to have been bought from Ricardo was introduced in evidence, but it had no effect upon the jury.

The present jury has not convicted any one charged with illegal liquor selling.

THE HAGEY CURE CASE.

Judge De Bolt yesterday granted the motion of J. A. Magoon for a commission to take the testimony of F. B. McStocker in the Hagey gold cure case. The commission was issued to Daniel Porter of Hilo. Magoon says that McStocker will testify that he knew of no agreement made with Harrison, nor did he receive any of the money paid into the Hagey Cure Company by Harrison.

ONLY A FIRE CLAIM.

Application was made yesterday for letters of administration in the estate of G. West, a minor. The estate consists only of a fire claim valued at \$270. The heirs of the deceased are Mrs. Sara M. Angus of Honolulu and other relatives in Nova Scotia and Ontario.

COURT NOTES.

Juries in both courts have been excused until Monday.

Judge De Bolt sustained the demurrer in the case of the Enterprise Mill Company vs. Pacific Mill Company, et al.

Judge Gear is still hearing the Markham vs. Johnson case.

## FEATHERLESS MINAH BIRDS

Is the Kauai breed of mynah birds to be transformed into a featherless tribe because of the effort to kill the lantana? Assessor Pratt is telling a story which cropped out at the recent meeting of the Board of Equalization, and which whether true or otherwise is decidedly interesting.

According to the story told at this meeting the Kauai people are making an effort to stamp out the lantana independent of the work carried on by the Territorial Entomologist. The blight which has been imported for this purpose is, it is reported, spreading quite rapidly, but has suddenly developed an enemy which threatens its destruction before the lantana is entirely annihilated. The mynah birds are very fond of the little insects which prey upon the lantana, and eat them whenever found. Lately, however, it has been discovered that the blight is affecting the mynah birds rather queerly, as well, and many of them are losing their feathers. Some of the people on the island trace a connection between the two and say that either the fight on lantana will have to be abandoned, or else clothes must be provided for the mynah birds. So far nothing has been done, and further developments are anxiously awaited.

Both Prof. Koehle and Prof. Perkins are inclined to doubt the truth of the Kauai story, and say that the prospective tribe of featherless mynah birds cannot be due to the blight sent out by the Agricultural Department, as none had been forwarded to Kauai. They do say, however, that the promiscuous and unskilled attempts being made in various parts of the islands to kill lantana is likely to result in more harm than good. By introducing pests which may kill the lantana, there is danger also that, though successful in this, the pest may also prey upon sugar cane and other species of plant life.

The Hilo Cotillon Club gave a pleasant dance at Spreckels Hall last week Friday night. Owing to so many members being engaged in the Elks' rehearsal the Living Whist night will not be held until September.

## THE MAUI RACE MEET

### Horsemen Plan Big Time at Kahului on the Fourth.

The Maui Racing Association is planning a big race meet for July 4. It is to be held at Spreckels' Park, Kahului, and cash purses are offered for the various races. The entrance fee has been fixed at 10 per cent of the purses, and all races are to be run or trotted under the rules of the California Jockey Club and National Trotting Association. The entries are to close at noon on June 29, and all horses are expected to start unless withdrawn a day previous to the race. The program follows:

First—Pony race, 14 hands or under, half mile dash, catch weights, \$50 and \$25; purse, \$75.  
Second—Trotting and pacing to harness, mile heats, best two in three, for Maui horses, purse \$200.  
Third—Running race, three-fourths mile dash, free for all, purse \$100.  
Fourth—Japanese race, half mile dash, free for all, Japanese riders only, \$40 and \$10; purse, \$50.  
Fifth—Trotting and pacing to harness, mile heats, best two in three, free for all, \$250, with \$50 added if winner beats 2:25; purse, \$300.  
Sixth—Running race, one mile dash, free for all; purse, \$150.  
Seventh—Cowboy relay race, one and one-half mile dash, horses, saddles and bridles to be changed every half mile, \$75 to first, \$25 to second; purse, \$100.  
Eighth—Trotting and pacing to harness, mile heats, best two in three, 2:30 class; purse, \$250.  
Ninth—Running race, half mile and repeat, Hawaiian bred; purse \$100.  
Tenth—Japanese race, one mile dash, free for all, Japanese riders only, \$50 and \$25; purse, \$75.

## SERENO BISHOP ON ANCIENT HISTORY

Rev. Canon Weymouth of Lahaina recently received an interesting letter from Dr. Sereno E. Bishop of Honolulu relative to the sharp earthquake at Lahainaluna in 1870, from which the News has kindly been allowed to make the following extracts:

"Early in 1870, at Lahainaluna, the house in which I had lived for nearly five years was badly shattered by an earthquake, the center of which was judged to be a little west of Lanai. That older house was probably built by Rev. Lorin Andrews, the founder of the school, about 1833.

"We rebuilt it of wood, using the old stone basement, and the flooring of the old house, as far as it could be made use of in various ways. That flooring was apparently of Australian Eucalyptus. The carpenter and mason employed was Thomas Forsyth, who, I believe, died recently on East Maui.

"I hope that the occupants of the house were caused no severe distress by the fire—also that a fine large Cook (or Norfolk) pine which I planted escaped destruction.

"Very singularly, neither of the other two stone buildings there were seriously damaged by that earthquake. I judged that owing to the nearness of my house to the brink of the ravine, the vibration of the earth there ended with violence, like the snapper of a whip lash. A few buildings in Lahaina suffered slight cracks—and I believe there were one or two such cases in Honolulu. The earthquake occurred in the middle of the night, and was truly distressing to the nerves, so that the slightest earth tremor would send us flying outdoors. Several light tremors occurred for a week or two subsequent."—Maui News.

## MURPHY WILL BE PUT ON TRIAL

(From Monday's daily.)

The trial of Pat Murphy, charged with the murder of Joe Perry, will begin this morning in Judge Robinson's court. It is doubtful if a jury can be secured today, as the present panel is not a large one, and probably will be speedily exhausted. Murphy, since his arrest in March, has been held in prison without bail on the charge of murder in the first degree.

The alleged crime was committed on the McCandless ranch at Makua, and there is no direct evidence that Murphy did it. Joe Perry, a Portuguese, employed on the ranch, of which Murphy was foreman, was found lying on the ground dead. Murphy is said to have told a native that he had been killed by a mule, but he has denied this. An examination of the dead man's body showed that he had been shot, and Murphy has been held for the crime.

## EMERGENCY BILL LOADED UP WITH MANY BIG ITEMS

### House in Benevolent Mood Adds Thousands to Appropriations for June.

(From Saturday's Daily.)

After making a close fight over much of the Emergency bill yesterday the House indulged itself for a few minutes at the end of the day and in less than a half hour added nearly \$75,000 to the emergency measure, in the form of everything in the shape of road and harbor work. Tens of thousands were given for roads, which in the course of things cannot be reached before the close of the period and so the appropriation must lapse.

The second feature of the day was the giving of a certificate of character to Robert W. Wilcox, several members setting forth that it was due to his good work that the Fire Claims million was secured and the cutting out of the item for the reimbursement of the merchants who paid J. G. Pratt's expenses, became a sort of a thing of politics, eight of the men elected on the anti-Wilcox platform voting with all his party to give the certificate.

The Loan bill was reported and will be taken up as soon as the emergency measure is finished. There is little chance that this will be before next week, as there is a deal of work to be done as yet and the prospect is that today will be given over to hard labor in finishing the measure for the unexpired section of the year.

### IN THE HOUSE.

The House began active business with the reception from the Senate of the announcement of the passage by that body of the six months salary appropriation bill, which measure was taken up and passed on first reading.

The Committee on Public Lands reported on the petition of Isaac Noar for compensation for property taken, the majority recommending that the land taken be paid for at the rate of \$1.50 a foot instead of \$2, as prayed. This would mean \$1,465.50. Messrs. Gandall and Kalama recommended that the petition be sent to the Judiciary Committee for an opinion.

Kalama said that there was a grave question involved, the original owner being a Chinese, who never presented a claim for betterments, the claim now coming in from another purchaser, a later purchaser. Chillingworth supported this with his view that there was a grave question whether mere transfer of title gave a purchaser the right to sue, which question must be decided before action could be taken.

The House adopted the minority report and the Judiciary Committee will now struggle with the question.

The Special Committee on the Loan Bill then reported on the measure submitted to them, the report being put on the table for consideration with the bill.

### FOR THE LOAN BILL.

The report strikes out the first section, which reaffirms the right to issue bonds, and makes the introductory section simply a statement of the appropriation of the money. The item for the fire alarm system, \$10,000, was cut out and that for the high lift pump contract, \$17,000, was ordered cut out and placed on the unpaid bills measure. The report continues:

"Your committee have estimated the pro rata of the various counties as follows:

|             |              |
|-------------|--------------|
| East Hawaii | \$223,203.12 |
| West Hawaii | \$7,294.88   |
| Maui        | \$84,651.58  |
| Oahu        | \$791,075.87 |
| Kauai       | \$148,949.60 |

"Making the total pro rata to which the counties

are entitled ..... \$1,430,175.05  
"Your committee have segregated such items as in our judgment are purely Territorial expenses and have found them to amount to the sum of \$864,990, leaving \$1,423,100 to be apportioned among the five counties on the basis of \$2,288,000.

"Your committee recommend the insertion of the following item, which would be figured in the total of Territorial expenses:

"New fire-proof building for preservation of government archives, \$75,000."

"Your committee further recommends the increase of the item, page 5, line 49, 'School houses and teachers' cottages, Islands of Maui, Molokai and Lanai, \$55,000,' to \$85,000, which is the estimate of the Superintendent of Public Instruction, to include the reconstruction of Lahainaluna seminary.

"This would bring the appropriations under the bill to the sum of \$2,400,000, approximately, which amount your committee feel can safely be borrowed under the loan act, as the assessed valuations are estimated at \$23,000,000.

"Your committee finds the appropriations in the bill for the various counties to be as follows:

|             |                |
|-------------|----------------|
| East Hawaii | \$241,200.00   |
| West Hawaii | \$112,000.00   |
| Maui        | \$171,050.00   |
| Oahu        | \$1,068,120.00 |
| Kauai       | \$67,400.00    |

Making a total of ..... \$1,639,770.00  
Kellinoff suggested the tabling of the report for the present, so that various county delegations might get to work on the segregation of the items for the various islands, which was done.

### NEW FIRE CLAIMS POINT.

Paele introduced a resolution providing for the payment of \$1,300 for damage by loss of a building by Mrs. Kekie Amara, administrator, he moving that a special committee of five be appointed to report on the claim. Chillingworth opposed, saying the fire claims court had closed the matter and if it was reopened there would be a flood, in fact, he would bring in three tomorrow. Aylett explained that he had investigated and found that the

claim was made too late, having been delayed in the mails. He said the Legislature was the proper body to consider such claims and he favored the consideration of all proper claims. The claim was sent to a special committee, the chair naming Messrs. Paele, Aylett, Knudsen, Lewis and Hala, the committee being given power to administer oaths.

Kou presented a resolution for \$12,000 for steel bridges in the Koolooloa district, which went to the Public Lands Committee.

### WRIGHT AFTER SALARY.

Wright again got busy on the salary proposition, with a resolution reciting that as the Senate had adjourned until Monday that the House should do the same and continue to do the same until the Senate should act on House Bill No. 1, the expense bill. The resolution was ruled out of order.

### EMERGENCY BILL.

The emergency bill was then called up, Kalama in the chair, the Public Works items being considered, initial action being the deferring Fourth District appropriations, \$25,000, and Fifth District items, \$12,000. Items passed were: Waialae road, \$13,000; dredging, \$25,000; landings and buoys, Honolulu, \$15,000; sewers, \$1,500; repairs government buildings, \$4,500; furniture, \$500; roads and bridges, all islands, \$10,000; landings and buoys, general, \$3,000; landings and buoys, Hawaii, \$5,000; repairs wharf, Kamalo, \$500; Hilo waterworks, \$9,000; road, Huehue to South Kohala, \$5,000; Ooakala to Kukuala, \$5,000; Waimea wharf, Kaula, \$1,500; for abutments, Waialua bridge, Hilo, \$4,000; bridge, Puuloa, Kohala, \$3,000.

### FOR FIRE CLAIMS WORK.

When the item for the reimbursement of the Merchants' Association for the expenses of J. G. Pratt at Washington came up, Kumalae moved to strike out. Harris defended the item, saying that Congress has done nothing for Hawaii except where there has been hard work done by some one. Kanlio said that though Pratt might have worked, yet the people were represented at Washington by their chosen delegate, who was working hard for the people and he was making every effort to secure the appropriation. He said the Merchants' Association for the work of Wilcox, and they should not ask that there be money appropriated for having defeated the work of the elected representative in many things, yet in fact Wilcox had worked for this matter and it was fair to presume that it was his work which won the measure.

### KUMALAE PRAISES WILCOX.

Chillingworth defended the item, but Kumalae attacked it, saying he did not know whether it was Pratt or Wilcox that got the money, but he knew that Wilcox had worked hard and it was not proven that the representative of the people was not the man who secured the appropriation. As a Republican in the campaign he said on the stump the party had claimed that Wilcox failed in his duty, but he wanted to tell the truth. He was not a Home Ruler, he said, but he stood for truth. He argued that \$1,400 traveling expenses and \$2,500 for salary would be sufficient. He said the payment of this claim meant authorizing private parties to send representatives to Washington and come and ask the people to put up the money.

### ITEM STRICKEN OUT.

Pulae opposed the item, saying that similar requests would follow and would open the door, so that the same people would send a man away again and ask repayment. After the argument a motion to send to a special committee failed, as did one that action be deferred, and the item was then stricken out by the following vote:  
Ayes—Aylett, Damiana, Kaili, Kanlio, Kealawa, Kou, Kumalae, Kuphea, Long, Nakaleka, Oili, Paele, Pali, Pulae, Purdy, and Wright—16.  
Noes—Andrade, Chillingworth, Gandall, Hala, Harris, Kalama, Kellinoff, Knudsen, Lewis, and Vida—10.  
Harris and Kellinoff changed their votes so as to be ready to ask for reconsideration.

This done, the Home Rulers wanted to take a recess but the Republicans then wanted to work and there was a little squabble, ending with the taking of a recess until 2 o'clock.

Work at the afternoon session begun

## S. C. ALLEN AT REST

### Funeral Services Were Attended by Many People.

(From Saturday's Daily.)

Samuel C. Allen was laid at rest yesterday afternoon in Nuuanu cemetery with a simple yet impressive service. Surrounding the casket were men in all walks in life—capitalists, business men, workmen, all attending to their friendship for the deceased. Not only were the whites there in large numbers to testify to the esteem in which they held their fellow-financier, but many Hawaiians were present and six sturdy representatives of their number, all from the lumber yards of Allen & Robinson, bore the casket from the late residence to the hearse and from the hearse to the vault.

The casket rested in the parlor of the home, off Alakea street, and everywhere flowers were placed. The casket was laden with them, and leis were so numerous that they were festooned upon the walls and over the entrances. The services were held at the home, Rev. Henry H. Parker, pastor of Kawaiahaeo church officiating. They were opened by music, the beautiful melody of "Lead Kindly Light", being sung by Messrs. Walter Dillingham, Isaac Dillingham, Charles Elston and Clifford Kimball. Rev. Henry Parker read selections from the bible, following it with an impressive prayer, bearing witness to the esteem in which the late Samuel C. Allen was held in the community, and of the sorrow which it and the family had experienced at his death. The minister called attention to the long period of time in which the deceased had been an active participant in the affairs of the Islands, a figure both prominent and forceful. The quartet sang, "Remember Thy Creator in the Days of Thy Youth", and the casket was then carried to the hearse by S. C. Dwight, S. W. Spencer, S. Kaohela, W. Pa, Hiram Kolomoku and Kalahelele, the honorary pall-bearers being Hon. J. O. Carter, George H. Robertson, Hon. S. M. Damon, B. F. Dillingham, W. A. Kinney, Hon. A. S. Cleghorn, J. A. Dowsett and Hugh McIntyre.

with consideration of the Public Instructions items, those for Reform School \$2,400, and stationery, \$1,000, passed and \$1,800 for establishing the kindergarten system in the Normal School and \$1,000 for a Haku school added. The Public Land office was given \$1,800 for incidentals.

### MUST HAVE GOTO.

The Board of Health roused the Home Rulers. After passing \$2,000 for general expenses, \$170 was provided for disinfectants, "vaccine" being cut out. An attempt was made to cut out "Fumigation expenses, \$4,200." Paele thinking it meant cremation, but it was retained. Wright started a fight by moving to strike out the word "segregation" from the leper item. All kinds of amendments followed, the longest fight being upon a plea of Nakaleka that the appropriation be used for treatment of lepers by Goto's system. The item was finally passed providing \$15,000 for segregation, support and treatment and \$3,000 for Goto medicines. Kanlio wanted to appropriate \$20,000 to send to Japan for Dr. Goto. He did not take the trouble to specify for how long this sum should apply. Aylett said Goto had been brought here once and claimed to have effected a cure, but the Board of Health said no cure had been effected. After a long discussion, \$3,000 was inserted to permit of an effort to induce Dr. Goto to come here to treat lepers, the vote being 24 to 1. There was no limitation. To earn that sum Dr. Goto may come, treat lepers once and depart and he would have to be paid.

Under the Judiciary Department \$15,250 was given for Supreme and Circuit courts, and \$300 for pay of interpreters not otherwise provided. For the Attorney General the civil and criminal incidental fund was made \$1,200.

### MANY NEW ITEMS.

Harris moved an amendment under the Public Works Department, curbing walks, Thomas Square, as per contract, \$1,086.75; running expenses, pumping plant, \$1,600; and for House Numbering Department, \$210, the latter after a long squabble.

Paele then proposed \$3,000 each for roads and bridges Ewa and Waialae, as items separate from the general Fifth District appropriations. Harris opposed this, on the ground that the outside districts received the special road tax and now had a balance of \$6,000, while the Kona district of Hawaii has no such tax. The items were passed. Vida then moved that the item for the Fifth District be made to include only the Kona district, but that the amount remain \$1,200, which was agreed to by the House.

Another new item was repairs Hana wharf, \$5,000, which passed. Kumalae proposed \$10,000 for macadamizing streets in Kakaako and Kewalo, there being a fight against the latter, but it went through. Andrade proposed \$10,000 for macadamizing Lusitana street and got it and Vida then got \$10,000 for widening and extending Ala Lane to Kukui street. Paele asked for Koolaula, \$300, Koolauapoko, \$300, and Waialua, \$1,000, which he got after which the committee rose.

The House adjourned when the committee had reported.

(From Sunday's Daily.)

Nearly half of the amount asked by the House for the expenses of the special session is to pay for the printing of the Journal for \$7500, the contract having already been made with the Bulletin without the formality of advertising for bids. This is the statement made by one member of the Senate yesterday, and is at the root of the Senate

## INFLUENZA IN ISLANDS

### Still a Trace of Dengue in Places.

There was much influenza in the Islands during the month of April, according to the reports of government physicians to the Board of Health. In Waimea, Kauai, twelve cases were reported; Koloa and Lihue, five cases; Waialua, Oahu, two cases; Kula, Maui, two cases; Makawao, Maui, nine cases; Hana, Maui, two cases; North Kona, Hawaii, twenty-eight cases; South Kona, Hawaii, twenty-one cases, and South Hilo, two cases.

There is still a touch of dengue fever in some of the outer districts, and in some places it is on the increase, though in the cities the disease has pretty well run its course. In Lahaina there were fifty-two cases, though Dr. Dawson writes: "This fever is abating very rapidly."

In Kohala, Kauai, there were two cases; in Kihel and Kula, Maui, seven cases; in North Kona, Hawaii, twenty-seven cases; in South Kona, eleven cases; Leeward Molokai, eleven cases, and in South Hilo, five cases.

In Waialua, Oahu, Dr. Wood reports eight cases of poisoning from eating decayed fish. He gives no particulars of the cases.

Dr. W. F. McConkey of Makawao, Maui, reports about "seventy cases of a peculiar form of nausea." He also fails to give particulars. In the Kihel and Kula districts Dr. Dinegar reports a similar outbreak, which he classifies as "nausea vomiting."

To the question "Is tuberculosis increasing in your district?" all government physicians reply in the negative, excepting Dr. Hayes of Olan, Hawaii.

objections to the extravagance of the lower House. The Senate has allowed but \$2,000 for the printing of its Journal and the contract when finally awarded will be for much less than that figure.

The Senate has been doing considerable investigating since the House had the nerve to ask for \$20,000 for expenses of the short session, and the result of these investigations has anything but a favorable aspect for the wishes of the lower House. A few days ago the Senate considered the House bill in committee of the whole behind closed doors. The result of that meeting was not given out, but apparently its decision was not to permit the extravagance of the House to be indulged. Some of the members say they are willing to give the House \$10,000 which is just double the amount that the Senate has asked, and others are determined to do without their own salaries rather than accede to the exorbitant demands of the lower branch of the legislature. They point out that the House should have no more expenses than the Senate, except for salaries as members as both consider identical bills and also have almost the same clerical force. The House has one more official than the Senate, namely a stenographer, and as he receives only ten dollars per day, it is rather difficult to see where the additional \$12,000 more than the Senate requires comes in. The Senate has allowed itself \$2,000 for expenses other than salaries of members, and considers that double that amount, or \$4,000 should suffice for the House, which does precisely the same work.

When the Ways and Means Committee made a report for information as to the ultimate disposal of the \$20,000 it was told that \$2,000 would be needed for salaries, \$7,500 for printing of the Journal while there are still several thousand dollars of unpaid bills from the regular session. The balance of about \$5,000 is to go for incidentals, the most of which is probably meant for translation of bills which had been translated at the regular session.

The \$7500 for printing the House Journal is what is calling out the loudest objections. The contract was let to the Bulletin at \$2.10 per page according to one Senator, and no bids were advertised for. Yesterday the Senate opened bids for the printing of its Journal and the lowest bid was \$1.38 per page.

It is explained however that the House is to print its Journal in two languages and that the Paradise of Pacific will print the Hawaiian volume out of the same \$7500, which also must pay for translating.

In the meantime the Senate is doing its work and saying nothing and the next step will probably be an amendment to the House bill fixing the appropriation at \$10,000 instead of \$20,000. The Senate adjourned over Sunday because it was far ahead of the House and has already considered the six months' appropriation bill well in regular session. If the House would finish its work the Senate could complete its share of the labor by the end of the week.

DIARRHOEA is more to be dreaded than diphtheria. It attacks all ages and is equally fatal to young and old. The great mortality resulting from diarrhoea is due to the lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine, and if given in time will prevent serious consequences. This remedy never fails and is pleasant to take. Every household should have a bottle at hand. Get it today. It may save a life. All Dealers and Druggists sell it. Benson, Smith & Co., Ltd., Agents for Hawaii.
